[1] Note that the Cleveland Grotto, as Administrators of the Fund, may not necessarily allot the full amount requested for the project.
[2] It is required that applicants seek to have their project output published in an official publication, preferably the Journal of Cave and Karst Studies, NSS News or other, similar publication, as appropriate to the project.
[3] For all activities to be undertaken, if there is any question regarding legality, the necessary permissions must be sought from all appropriate and potentially involved parties (landowners, government organizations, etc.) Fund monies are NOT permitted to be used in any way that is illegal, unethical, inappropriate or objectively dangerous. In granting these funds, the Cleveland Grotto, its officers and members assume no liability for any actions or accidents.
[4] By signing this Form, applicants acknowledge that they have read the Grant Policy and Process document
